

Small Church Communities (SCCs)

Small Church Communities (SCCs) are organized in order to help us continue in our faith journey. Each SCC directs itself. The idea behind the SCCs is to establish a loose, intimate group of friends who can express their ideas and questions, discuss topics and challenge one another to expand in faith. Who are you? What do you believe? Why do you believe it? It is an opportunity to hear another's thoughts and ideas. It is an opportunity for you to grow into a deeper love of Christ. (From Director's Manual, ACTS missions, copyright 2012, revised January 2013)

Small Church Communities help us with **the C** in ACTS, which stands for **community**. ACTS missions defines the pillar of Community as recognizing ***Christ in one another and the realization that we are not alone***. SCC's also help us with **the T** that stands for **theology**. ACTS missions define the pillar of Theology as ***a deepening of our relationship with God in order to better fulfill His will***.
